Attached please find a nomination letter for the Board.

Dear NAFA Constitutes,

Please accept my nomination of Darla Quintern for the NAFA Board of Directors. Darla is extremely organized, dependable, open minded, a great educator, a good communicator and not afraid to roll up her sleeves with a can-do-attitude.

Darla has worked in several administrative roles, home schooled her two teenaged boys, volunteered on many sporting event boards and spearheaded the management of one of the largest hockey tournaments in the northeast.

While Darla has only been playing flyball for 4 years, she has been an integral part of her boys' success as handlers and the success of the Tenacity flyball team. She has also attended and boxloaded for 4 Can-Ams, has been the head table operator for 7 tournaments, the team's go to boxloader. I believe that even with her short time in sport that she has a full and comprehensive understanding on the sport from the "most competitive" to the "just for fun" team perspectives.

Darla's positive fun and helpful attitude is the cornerstone to our club and contagious to the sport. Darla always brings that level of happiness, respect, hard work and a breath of fresh air to everything she does.

Darla has strong communication skills and an even stronger desire to increase public awareness of the sport of flyball. Darla's success with youth involvement in sports will be a true asset to NAFA and help secure the future of the sport. I believe that Darla will bring a new perspective and a great candidate for the board.
