I would like to nominate Kathy Haney for the Board of Directors of NAFA. She would be an excellent candidate. She has been playing flyball for over 16 years and I have known her for 14 of those years. She has successfully run her team for many years. Surf City's tournaments are one of the best run tournaments on the west coast. She's organized, compassionate and a great leader. All these skills would help her be an outstanding board member. The west coast needs a representative and we would be proud to have Kathy Haney represent us, but I know she would represent the whole country.

Thank you.

Paulette Suiter
